

Coronavirus Updates

The Lancaster Chamber of Commerce is closely monitoring the progression of the COVID-19 (Coronavirus). As of now, our programming and events are being assessed on a regular basis to determine if events need to be cancelled, postponed, or held virtually. We will update our website and email our registered attendees if anything changes for our events. We encourage everyone to stay informed.

As we continue to learn about more confirmed cases of COVID-19 across the globe and in California, we want to ensure you that we're following the recommendations set forth by the California Department of Health and the Centers for Disease Control and Prevention (CDC). The health and wellness of our members and our staff is critically important to us, so we want to provide the latest guidelines to all of you as you consider the precautions you and your team will take in the coming days.

Our goal is to minimize the impact on our community by looking to our public health experts for guidance related to COVID-19. Here are some additional resources for your reference.

The state Economic Development Department that oversees the state's unemployment insurance program has instituted a waiver of the standard 7-day waiting period for benefits for those affected by COVID-19 closures. This will require employers to document that the reduction in hours or layoff is due to changes caused by the COVID-19 pandemic. [EDD FAQ Section Website.](#)

We hope to maintain business as usual, but we also want to ensure we're aligning with best practices to do all we can to keep our community healthy.
